Do you have an idea of what procurement activities will be needed, and what timing you feel is important? I think we should discuss with Kevin Neal to make sure they can meet the requirements. Obviously Latrice would have to be involved.

JoAnn:

Here is the cost estimate for CB&I for CES. If there is some reason we need to use EQ let me know. I want the total to be \$2 million on the Action Memo so this is what I have:

ERRS: \$1,750,000

START: \$150,000

Site Contingency: \$ 100,000
